MEMORANDUM FOR: CPD Division Directors
Regional Environmental Officers

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

MEMORANDUM FOR: CPD Division Directors
Regional Environmental Officers

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

Mitigation Measures and Conditions

Summarize below all mitigation measures either taken or required as a condition of approval of the project by the Responsible Entity to reduce, avoid, or eliminate adverse environmental impacts and to avoid non-compliance or non-conformance with the above-listed authorities and factors. These measures/conditions must be incorporated into project contracts, development agreements, and other relevant documents. The staff responsible for implementing and monitoring mitigation measures should be clearly identified in the mitigation plan.

This format is to be used for leasing or rental assistance activities funded under the Continuum of Care (CoC) program only.

No Mitigation Measures Required

***Determination:**

☒ This categorically excluded activity/project converts to **EXEMPT** per Section 58.34(a)(12), because it does not require any mitigation for compliance with any listed statutes or authorities, nor requires any formal permit or license; **Funds may be committed and drawn down** for this (now) EXEMPT project; OR

☐ This categorically excluded activity/project cannot convert to Exempt status because one or more statutes or authorities listed at Section 58.5 requires formal consultation or mitigation. Complete consultation/mitigation protocol requirements, **publish NOI/RROF, submit RROF (HUD 7015.15), and obtain "Authority to Use Grant Funds"** (HUD 7015.16) per Section 58.70 and 58.71 before committing or drawing down any funds; OR

☐ This project is not categorically excluded OR, if originally categorically excluded, is now subject to a full Environmental Assessment according to Part 58 Subpart E due to extraordinary circumstances (Section 58.35(c)).

Mitigation Measures and Conditions

Summarize below all mitigation measures either taken or required as a condition of approval of the project by the Responsible Entity to reduce, avoid, or eliminate adverse environmental impacts and to avoid non-compliance or non-conformance with the above-listed authorities and factors. These measures/conditions must be incorporated into project contracts, development agreements, and other relevant documents. The staff responsible for implementing and monitoring mitigation measures should be clearly identified in the mitigation plan.

This format is to be used for leasing or rental assistance activities funded under the Continuum of Care (CoC) program only.

No Mitigation Measures Required

***Determination:**

☒ This categorically excluded activity/project converts to **EXEMPT** per Section 58.34(a)(12), because it does not require any mitigation for compliance with any listed statutes or authorities, nor requires any formal permit or license; **Funds may be committed and drawn down** for this (now) EXEMPT project; OR

☐ This categorically excluded activity/project cannot convert to Exempt status because one or more statutes or authorities listed at Section 58.5 requires formal consultation or mitigation. Complete consultation/mitigation protocol requirements, **publish NOI/RROF, submit RROF (HUD 7015.15), and obtain "Authority to Use Grant Funds"** (HUD 7015.16) per Section 58.70 and 58.71 before committing or drawing down any funds; OR

☐ This project is not categorically excluded OR, if originally categorically excluded, is now subject to a full Environmental Assessment according to Part 58 Subpart E due to extraordinary circumstances (Section 58.35(c)).

MEMORANDUM FOR: CPD Division Directors
Regional Environmental Officers

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

MEMORANDUM FOR: CPD Division Directors
Regional Environmental Officers

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

Mitigation Measures and Conditions

Summarize below all mitigation measures either taken or required as a condition of approval of the project by the Responsible Entity to reduce, avoid, or eliminate adverse environmental impacts and to avoid non-compliance or non-conformance with the above-listed authorities and factors. These measures/conditions must be incorporated into project contracts, development agreements, and other relevant documents. The staff responsible for implementing and monitoring mitigation measures should be clearly identified in the mitigation plan.

This format is to be used for leasing or rental assistance activities funded under the Continuum of Care (CoC) program only.

No Mitigation Measures Required

***Determination:**

☒ This categorically excluded activity/project converts to **EXEMPT** per Section 58.34(a)(12), because it does not require any mitigation for compliance with any listed statutes or authorities, nor requires any formal permit or license; **Funds may be committed and drawn down** for this (now) EXEMPT project; OR

☐ This categorically excluded activity/project cannot convert to Exempt status because one or more statutes or authorities listed at Section 58.5 requires formal consultation or mitigation. Complete consultation/mitigation protocol requirements, **publish NOI/RROF, submit RROF (HUD 7015.15), and obtain "Authority to Use Grant Funds"** (HUD 7015.16) per Section 58.70 and 58.71 before committing or drawing down any funds; OR

☐ This project is not categorically excluded OR, if originally categorically excluded, is now subject to a full Environmental Assessment according to Part 58 Subpart E due to extraordinary circumstances (Section 58.35(c)).

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

MEMORANDUM FOR: CPD Division Directors
Regional Environmental Officers

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.

FROM: Danielle Schopp, Director, Office of Environment and Energy, DGE

SUBJECT: Determination that Continuum of Care (CoC) Leasing and Rental Assistance with no associated physical building activities have "No Potential to Cause Effects" under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800

The U.S. Department of Housing and Urban Development (HUD) has determined that leasing and rental assistance activities in the Continuum of Care (CoC) Program that include no maintenance, repairs, or rehabilitation to the leased or rented properties have "No Potential to Cause Effects," as described in 36 CFR 800.3(a)(1). These leasing and rental assistance activities provide transitional or permanent housing for the homeless in existing scattered site buildings with no associated physical changes to the buildings, and have no potential to cause effects on historic properties, assuming such properties were present. Neither HUD nor the grantees participating in the CoC Program have any further obligations for these projects under Section 106 of the National Historic Preservation Act (Section 106) or 36 CFR Part 800. No consultation with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other interested parties is required.

A copy of this memorandum in the Environmental Review Record for a qualifying individual CoC project will document compliance with Section 106, 36 CFR Part 800, 24 CFR Part 50, and 24 CFR Part 58 regarding historic properties.

Leasing and rental assistance with associated unit or building repairs, rehabilitation, or new construction do not qualify for the treatment described in this memo. Likewise, other types of projects participating in the CoC Program, including repairs, rehabilitation, and new construction, do not qualify for the treatment described in this memo. These activities must be fully reviewed under the Section 106 process, including consultation with a SHPO, THPO and/or tribal authority, interested parties and the public, to aid HUD or the Responsible Entity in making an effect determination.

Please direct any questions regarding this memorandum to Nancy E. Boone, Federal Preservation Officer, at Nancy.E.Boone@hud.gov or 202-402-5718.
